## Secret Boys' Room

After giving the excuse name, Phoebe recalled herself to Manzo High. Phoebe was determined to stay away from the guys. However, she has recently come to terms with Chiba due to several occasions that prove one cannot just leave someone alone when faced with them. Phoebe likes this and feels angry about the whole thing. Chiba asked, "You're a girl wouldn't you consider leaving?" and Phoebe ignored him by saying, "From the guy I'm there are not!" Chiba could not accept the fact that there actually is a girl who is not interested to have the guys leaving. Manzo - older Phoebe told Chiba that she loves him. Chiba grabbed her wrists and told her, "I'll make you understand me." And he dragged her away.

# HAPPY ONE YEAR ANNIVERSARY!

## MESSAGE FROM THE AUTHOR:

This is Eto, bby xD Wow, so it's been a year already.. A year of procrastination, like what Azu said xD Well, we had a lot of ups and downs, but we managed to put it off and I couldn't have done it without all my precious staffs, even ones that just appeared once, because they at least made one release possible. I earlier was thinking of making SL retire, but now it's like a drug, I just can't stop it XD So addictive .? Probably because I also wanted to read the Japanese manga I bought >.  
lol Hopefully will make it through another year "chuckles" and we probably won't be release a lot this year since school started and I'm extremely busy, I don't have much free time yet I tried to fit this into my schedule, lol. Anyways, Happy anniversary to SL, and let's have another year of lazyness/d, never ending questions about when a certain series is going to come out which is starting to make me lose patience(=.=) and wonderful manga releases :)
